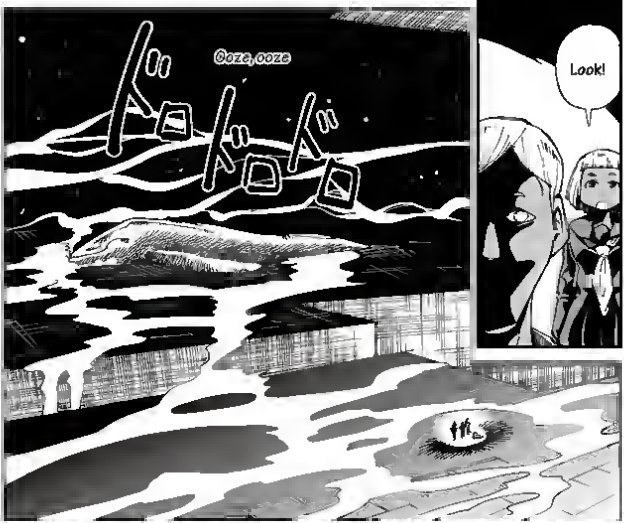
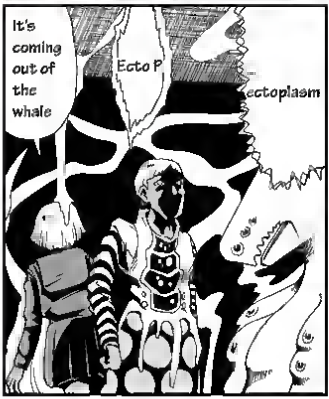
Gush
オゲブ
A bit out of the blue What the hell was that?
Hmm, well, as it happens...
Why did you follow us to the sushi restaurant?
We're here.
...because I'm living parasitically in the whale, I'll die if I'm away for too long
ゴゴゴ...
Woosh



Look!
Ooze, ooze
ドロドロ



It's coming out of the whale
Ecto P
ectoplasm

Icky
ネバー
Gooey
ヤダ

This is...

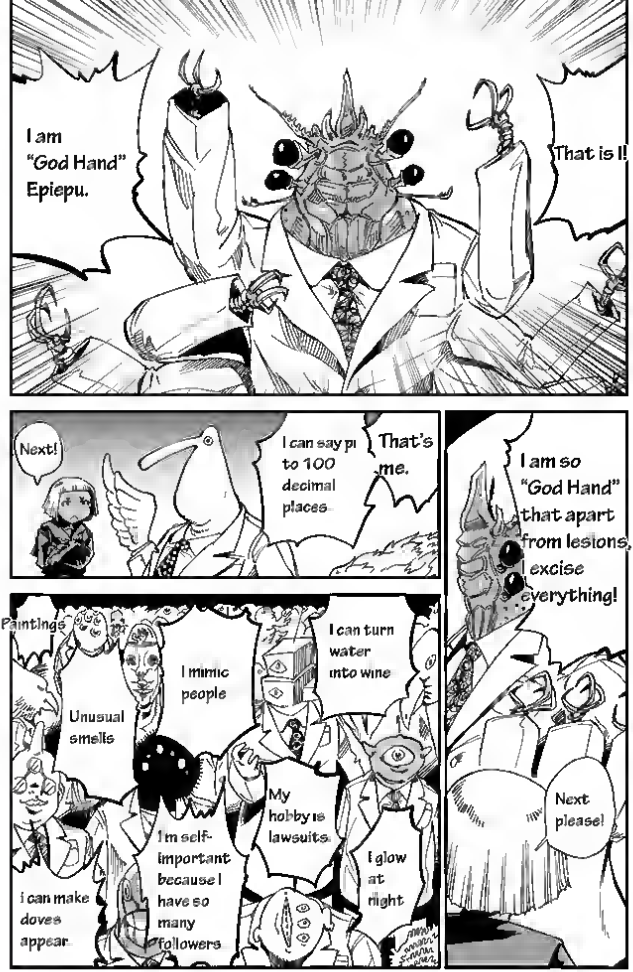
It's this way
Let's go take a look
It's a spiritual substance discharged from organisms that have lapsed into a certain state
You're so clever
It's pupil is wide open

Lub-dub, lub-dub, lub-dub, lub-dub
ドクン ドクン ドクン ドクン
Wile
First of all, why would it die suddenly?
It's dead again!
Oh no What should we do?
ズン
Slash
It's probably only a matter of time.
Hmm
That's a relief
Its heart is beating
What shall we do mom?
I'll watch a figment of TV then
You wouldn't get any reception, would you?
I'll watch TV and what not.
I'll live the rest of my life quietly

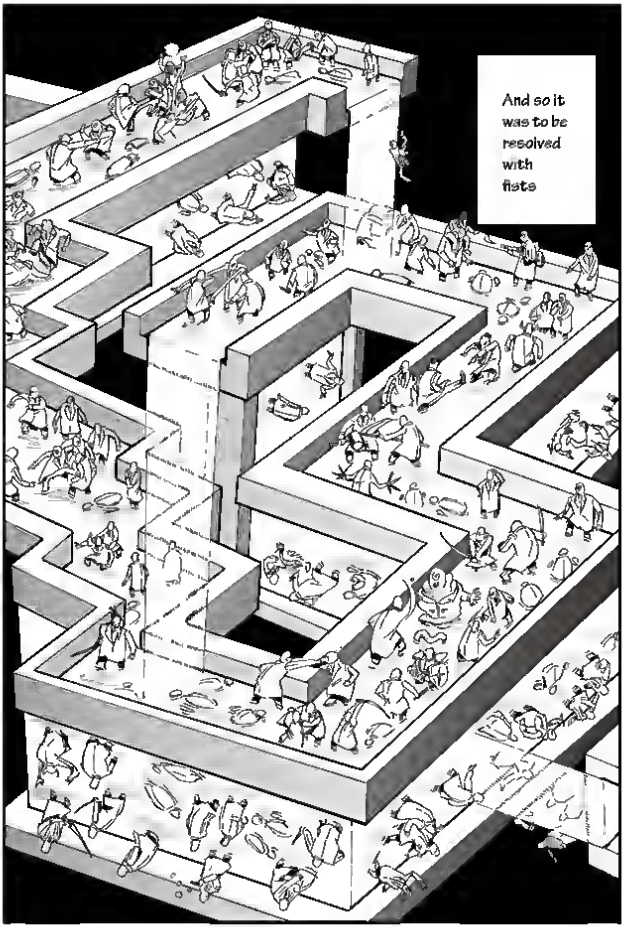
No kidding.
I didn't mean anything by it.
ウォォォ
W-o-o-o-o-o-h
オォォ
オォ
Since no headway was being made, it was decided to bring in a doctor

This is the Pseudo-Blue-Pink Department.
This is the Botany Department, you know.
so please try the Animate Department.
This is the Inanimate Department,
Myuppe
Reflux Room
Anyone will do. Just get me a doctor!
We don't have time to be given the runaround.
Grand Director's doctors ro-unde!
Make way for the doctors!

Is there a doctor in this madhouse?
Bwak
Doc...
Chitter chatter
The space whale is dying!
Are you all right?
A doctor among doctors—
The doctor you seek lies in thine heart
That's not what I meant



I am "God Hand" Epiepu.
That is it!
Next!
I can say pi to 100 decimal places.
That's me.
I am so "God Hand" that apart from lesions, I excise everything!
Next please!
Paintings
Unusual smells
I mimic people
I can turn water into wine
I can make doves appear.
I'm self-important because I have so many followers.
My hobby is lawsuits.
I glow at night

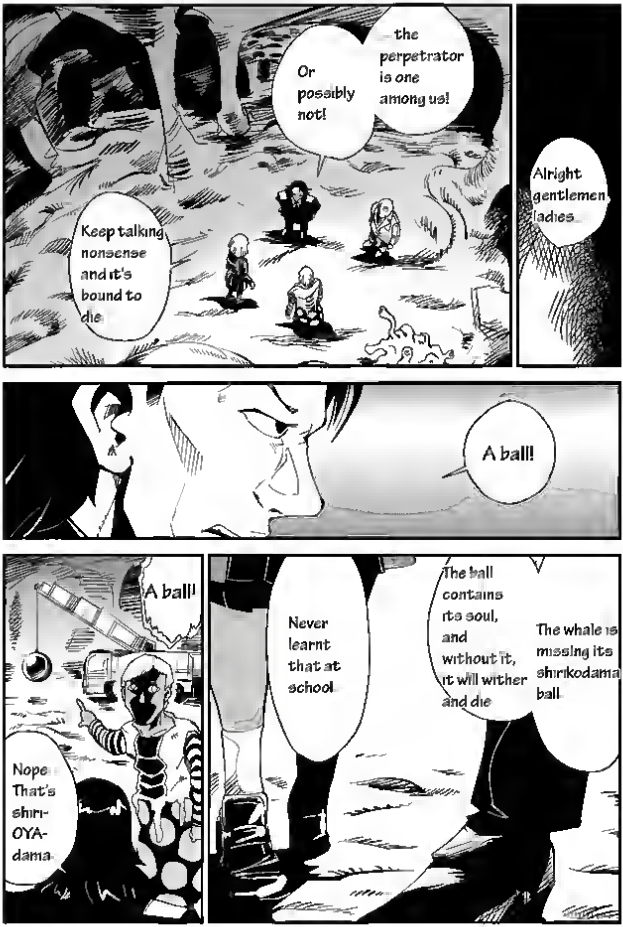


And so it was to be resolved with fists

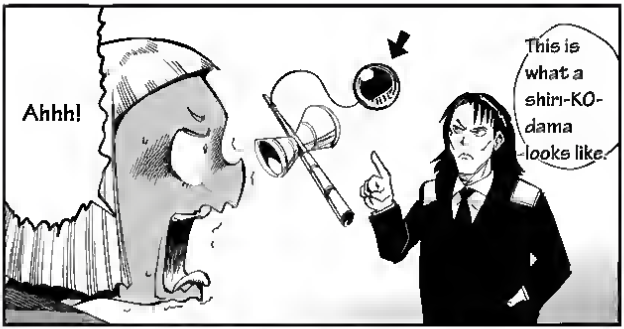
...
Woosh
ゴゴゴ。。
Wile
got a moment?
Hey,
ヌly
Shllip

Stop worrying Just listen to what I have to say
That's not what I meant
my husband and daughter will
No, won't it
What are you two doing?!
That's not how to listen to me
Hey, anyone?
Ooh
I'm Dr. D
N-nice to meet you
I've brought the doctor
Watch your language
Shit!

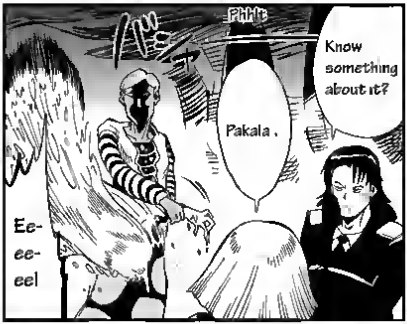
Janken
This way
You've got to treat it quick
Waking after being on night duty, I found all the other doctors dead
How many eyeballs?
In eyeballs janken, the person with a correct answer can decide what to do
The whale's heart has stopped
That was close
It's still breathing



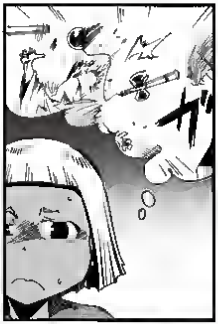
Alright gentlemen ladies
the perpetrator is one among us!
Or possibly not!
Keep talking nonsense and it's bound to die
A ball!
A ball!
Nope. That's shiri-OYA-dama
Never learnt that at school
The ball contains its soul, and without it, it will wither and die
The whale is missing its shirikodama ball.



Ahhh!
This is what a shiri-KO-dama looks like.



Ee-ee-eel
Pakala.
Know something about it?
Phhft



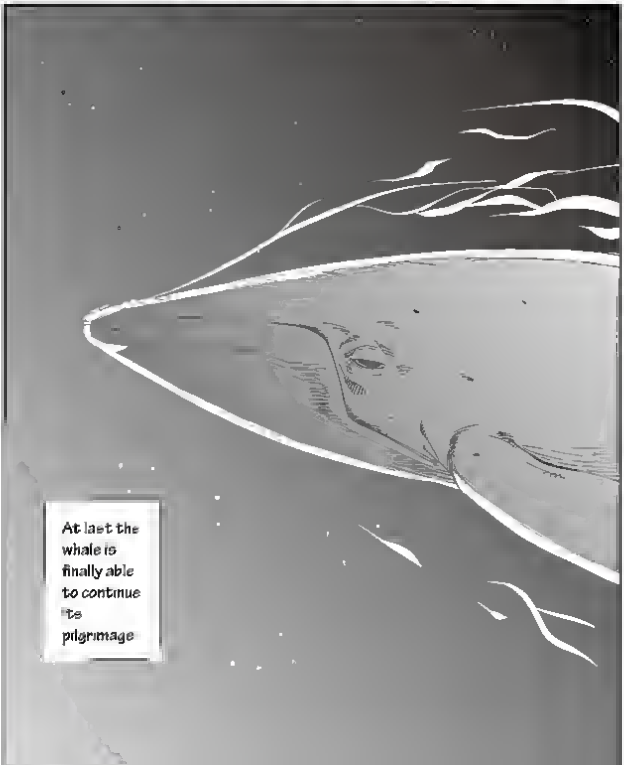
Uh.
Like this.

Eel?
The ball?

Spit it out!
And then...
I ate it!
...they somehow managed to bring the whale back to life

Mhm
do you remember the whale's name?
I wonder,
Bye
See you again Mom

Take care of yourself



At last the whale is finally able to continue its pilgrimage
